NEWS FROM CHAMBER MEMBERS

SUNRISE LODGE—WHERE ARE THE FALL MUSKY HUNTERS?

The hard core musky fishermen wait all season for October and November when the trophy muskies are feeding on suckers to fatten up for the winter. Snow, sleet, wind and rain make up the typical weather conditions that these musky hunters look forward to. The Phelps area boasts some of the best Class A musky lakes in the world and should be a prime destination for these die hard sportsmen. While traveling around the area this fall I have noticed that most of the boat landings have very few or no trailers parked at them. In talking to many of the area resort/motel owners and guides they have commented that the fall musky business is not what it once was and not what they would like it to be. Musky fishermen spend a lot of money at restaurants, bars, lodging, bait shops and the best part is that it is in the off season when every extra dollar is at a premium. How can we attract more of these fall fishermen to our area? Maybe we need a group of interested business owners and guides and get together and brainstorm for some Fall Musky Promotional ideas. Late fall musky fishing is the best time to get a trophy of a lifetime and Phelps has some of the best trophy musky lakes in the world so it seems like a perfect match. Good luck and good fishing!

LETTER FROM THE PRESIDENT

I would like to start by thanking everybody who attended the annual meeting this month. It was really nice to have such a great turn out and to hear all of your ideas and opinions. I hope to see you all again soon at other meetings and events.

At the chamber we will be preparing for Santa and our next big event the North Twin Cup Radar Run. The Santa is coming to Town event is always a great way to kick off the holiday season. And the radar run has been very successful in the past and should be even better this year.

I know a lot of people are getting geared up for hunting, so good luck, be safe, and have fun.

Respectfully,
Marti Primich
Phelps Chamber of Commerce - President
